(Please Circle One) (16 years and under)

The Canadian Association of Smallmouth Anglers (CASA) was formed in 1989 to serve and enhance the habitat for Smallmouth bass; to share the friendship, camaraderie, and experience of our fellow anglers; to support and improve those conservation measures that allow a self-sustaining Smallmouth bass fishery; and to extend courtesy and respect to all who share our waters.

When you join CASA and support these important conservation measures, you will receive the right to attend seminars, tournaments, the annual meeting and more. Family groups and junior members are cordially welcome.

I, _____, will faithfully observe all provincial angling regulations, abide by the ethics covered under CASA's rules, regulations, by-laws and constitution.
